

Progression of PHYSICAL EDUCATION – STRIKE & FIELD

	KNOWLEDGE	PERFORMANCE OF SKILLS
Year 6	Unit: STRIKE & FIELD	All children (WTS) - Strike a ball from an overarm bowl
	Prior knowledge Effectively field as a team. Consistently striking a ball from different situations and make placements. Whilst developing an over arm bowl.	Most children (EXS) - Bowl using an over arm bowl accurately - Work within a team as a batter communicating when to run Some children (GDS) - Confidently strike the ball with placement - Think tactically about field positioning and shot placement
	<ul style="list-style-type: none"> - Field effectively as a team, stopping the ball and throwing it back to the bowler/wicket keeper. - Consistently strike a ball with a bat from an underarm bowl. - Bowl using an overarm windmill technique - Strike a ball with a bat from an overarm bowl. - Start to place strike in the gaps in the field. 	
Year 5	Unit: STRIKE & FIELD	All children (WTS) - Field effectively as a team, stopping the ball and throwing it back to the bowler/wicket keeper. - Consistently strike a ball with a bat.
	Prior knowledge Understand the different roles within the game, develop batting technique. Showing consistency with the bat and ball showing accuracy with bowling and striking.	Most children (EXS) - Bowl using an overarm windmill technique Some children (GDS) - Strike a ball with a bat from an overarm bowl. - Start to place strike in the gaps in the field.
	<ul style="list-style-type: none"> - Understand the different roles. (Batter, Fielder, Wicket Keeper/Back Stop, Bowler) - Build on batting technique from an underarm bowl. - Consistently bowl accurately with an underarm. - Confidently field and be aware of the placement in the field where the batter may strike. - Consistently strike the ball using the bat - Begin to develop and overarm bowl 	
Year 4	Unit: STRIKE & FIELD	All children (WTS) - Understand the different roles. (Batter, Fielder, Wicket Keeper/Back Stop, Bowler)
	Prior knowledge Field effectively, catching and throwing under pressure. Be accurate with an underarm bowl and understand the different roles within the game.	Most children (EXS) - Build on batting technique from an underarm bowl. - Consistently bowl accurately with an underarm. - Confidently field and be aware of the placement in the field where the batter may strike.
	<ul style="list-style-type: none"> - Use fielding skills to stop the ball effectively. - Learn the role of backstop. - Throw and catch under pressure. 	Some children (GDS)

	<ul style="list-style-type: none"> - Show accuracy when performing an underarm bowl. - Learn batting control from a stationary ball/under arm bowl. - Understand the different roles. (Batter, Fielder, Wicket Keeper/Back Stop, Bowler) - 	<ul style="list-style-type: none"> - Consistently strike the ball using the bat - Begin to develop and overarm bowl
Year 3	Unit: STRIKE & FIELD	All children (WTS) <ul style="list-style-type: none"> - Use fielding skills to stop the ball effectively. - Learn the role of backstop. Most children (EXS) <ul style="list-style-type: none"> - Throw and catch under pressure. - Show accuracy when performing an underarm bowl. - Learn batting control from a stationary ball/under arm bowl. Some children (GDS) <ul style="list-style-type: none"> - Understand the different roles. (Batter, Fielder, Wicket Keeper/Back Stop, Bowler)
